Strengths

Motivated self-starter with strong problem-solving skills, quick learning ability, and experience working well in teams.

Business Development

- Accounts Payable/Receivable (AP/AR), cash flow management, customer and client relations, financial reporting and forecasting, budgeting and reconciliation, data analytics and KPI reporting, process automation, contract administration, and quarterly tax preparation.

People Development

- Supervised and mentored cross-functional teams; trained staff at all levels on accounting processes, financial systems, and CRM tools; promoted knowledge sharing and continuous improvement.

Business Systems

- Advanced Microsoft Excel (Power Query, pivot tables, VLOOKUP, macros), Microsoft Word, Teams/SharePoint, Salesforce (user and analyst), Oracle Financials, QuickBooks (current versions), and database management in Microsoft Access; skilled in using AI tools and automation platforms to streamline reporting and workflows.

Career Objective

To obtain a position within a growth-focused organization where I can leverage my experience accounts receivable, financial reporting, and systems analysis. I aim to contribute to team success, continue building technical skills, and support long-term organizational growth.

Professional Experience

TriNet (formerly Gevity HR) – Senior Accounts Receivable Specialist / Credit & Collections / Financial Analyst
Bradenton, FL | May 2006 – October 2025

Managed all aspects of accounts receivable for a national HR services company. Conducted financial analysis and evaluated collection risks using Excel, Oracle Finance and Salesforce. Designed Excel, Access and Salesforce reports for tracking aging, cash flow, and dispute resolution. Collaborated with internal banking, finance, and customer sales/success teams to resolve billing and receivable issues. Tracked, prioritized, and resolved customer service cases in Salesforce, maintaining clear documentation and follow-up via email. Supported monthly and quarterly reporting, audits, and system migrations during organizational transitions. Recognized for adaptability and accuracy in high-volume, deadline-driven environments. Train and collaborate with team members created and updated training documents.

Computer & Technical Skills

- Microsoft Suite: Advanced Excel (pivot tables, VLOOKUP/XLOOKUP, formulas, macros), Word, Outlook, PowerPoint, Teams, SharePoint, and Access
- Data Visualization & Analytics: Tableau, Power BI, and database reporting
- CRM Systems: Salesforce
- ERP & Financial Systems: Oracle Financials (reporting and analysis), SAP (transaction processing & reporting), and QuickBooks (streamlining bookkeeping for small business operations)
- Additional Skills: KPI tracking, process automation, and advanced internet research
